

## Highlights from the conference

Symphony Founder & CEO David Gurlé's [full keynote address](#) included live demos and special guests from FlexTrade, Goldman Sachs, J.P. Morgan and OTPP, and was followed by [a conversation with David Hudson](#), J.P. Morgan's co-head of Digital & Platform Services.

## Introducing Symphony 2.0

Our big news for the day was the announcement and live demonstration of [Symphony 2.0](#), our second-generation platform. We also officially introduced [Symphony Elements](#), a comprehensive set of user interface extension capabilities and pre-built components for developers to leverage while building bots and application integrations.

## Symphony Innovation Award Winners

The afternoon was packed with 15 breakout sessions that showcased live bots and integrations across three tracks: Transforming the Trading Lifecycle, Building Contextual Intelligence, and Enabling the Developer Community. The day closed with the Symphony Community Showcase, featuring demos from the winners of this year's Innovation Awards: BNP Paribas, Barclays and Capital Group, ServiceNow and T. Rowe Price, and BlackRock and Standard Chartered.

Many thanks to the generous [sponsors](#) who helped make Symphony Innovate New York 2019 possible. Check out our [Partner Showcase](#) to learn about their solutions.

Be sure to visit our [conference replay page](#) to relive the day or catch anything you may have missed! All session videos will be available by the end of this week on our [YouTube](#) and [Vimeo](#) channels.

## Upcoming Events & Webinar

### New York Hackathon

Join us at Citi on October 16 to develop innovative solutions that will extend critical workflows beyond your company walls.

[REGISTER NOW](#)

### Symphony Innovate Recap: Trust Propels Progress

Join our webinar to hear about highlights from our customers conference, Innovate 2019, and the innovations that were presented by customers.

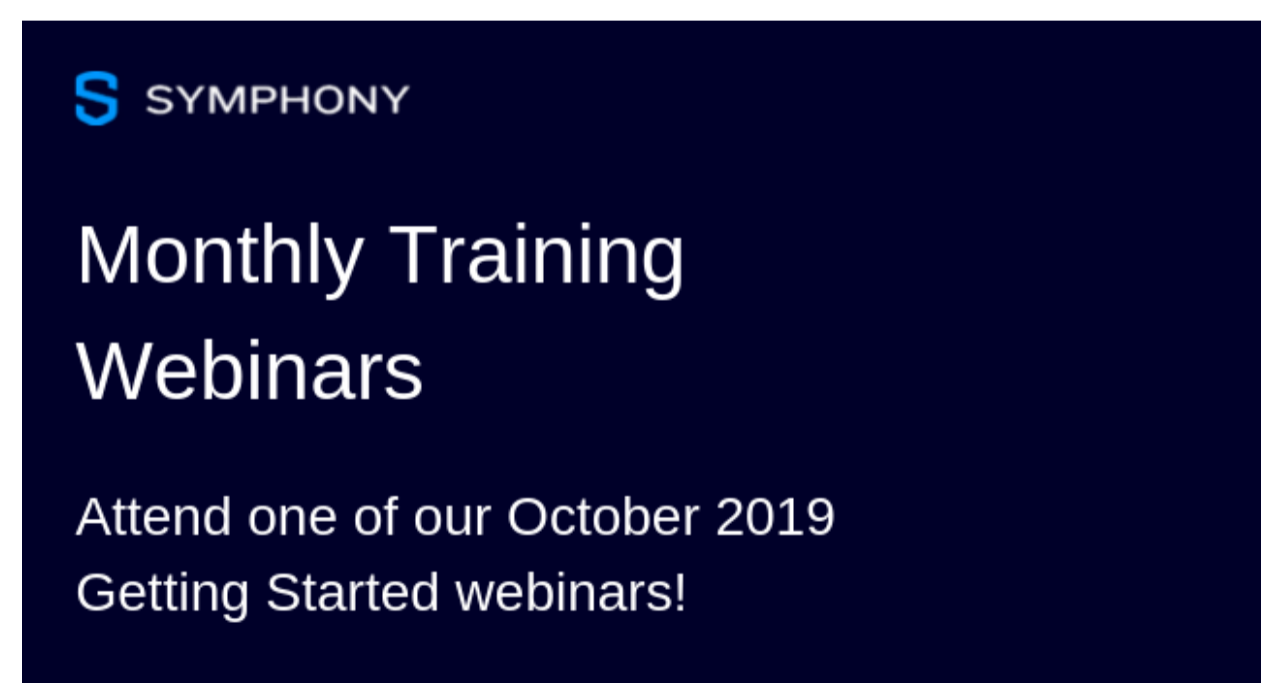

[REGISTER NOW](#)

### Getting Started

We host monthly training webinars to provide an overview of the platform and demonstrate use cases for specific roles. View our upcoming webinar schedule & watch past events on demand here.
