

Must-See Webinars

Your New Digital Workplace

Wednesday, May 15, 2019 11:00 am EST/4:00 pm BST

Join Ken Yagen, Chief Product Officer, and Savvithri Sivaraamakrishnan, Director of Product Management, as they discuss how our new features improve the user experience and simplify workflows to increase your productivity. [Register Now!](#)

Symphony Training Webinars

Get an overview of the platform and key features, including chat rooms, search, signals, applications, and more. Take a look at [April's Training Webinar schedule](#).

Upcoming Hackathons and Awards

Innovation Award

At Symphony Innovate Asia 2018, ANZ Banking Group won the Innovation Award for their Trade Butler Bot. This bot automates the trade validation control for foreign exchange (FX) trades to make the process easier and more effective.

If your team has developed an innovative application or bot, [nominate it](#) for the Symphony Innovation Award today. Winners will be announced on stage at Symphony Innovate Asia 2019 in Singapore.

Hackathons

We are hosting three hackathons prior to Innovate Asia in Hong Kong, Singapore, and Tokyo. Build innovative solutions and network with other Symphony developers to learn best practices for workflow efficiency.
